

**Why Choose AP?**

Are you ready for a unique learning experience that will help you succeed in college? Through Advanced Placement College Board courses and exams, you can earn college credit, stand out in the admission process, and learn from some of the most skilled, dedicated, and inspiring teachers.

**A Different Kind of Class**

From the moment you enter an AP classroom, you'll notice the difference—in the teacher's approach to the subject, in the attitude of your classmates, in the way you start to think. In AP classrooms, the focus is not on memorizing facts and figures. Instead you'll engage in intense discussions, solve problems collaboratively, and learn to write clearly and persuasively.
